Privacy Policy

Last updated: 17th June 2021

As part of my PhD, I created several Android applications. This page informs you of the policies regarding the collection, use and disclosure of Personal Information received from users of the apps.

No data is transmitted from the Android apps. All data gathered is stored locally. By using the Android applications, you agree to the collection and use of information in accordance with this policy.

Information Collection and Use

While using my Android applications, I never request you to provide us with any personally identifiable information that can be used to contact or identify you. Personally identifiable information may include but is not limited to your name ("Personal Information").

Log Data

This Log Data contains only location-based data such as date and time, GPS co-ordinates and accelerometer readings to determine the user mobility context. Information such as your computer's Internet Protocol ("IP") address is never gathered.

In addition, I never use third party services such as Google Analytics that collect, monitor, and analyse the data.

Communications

I never use/request your Personal Information to contact you with newsletters, marketing or promotional materials and any other information.

Cookies

The Android application don't use any cookies.

Security

No Personal Information such as your computer's Internet Protocol ("IP") address is gathered. No data is transmitted from using the Android applications. All data is local to the smart device. While I strive to use commercially acceptable means to protect location-based gathered, there is no guarantee of its absolute security.

Changes To This Privacy Policy

This Privacy Policy is effective as of last updated date above and will remain in effect except with respect to any changes in its provisions in the future, which will be in effect immediately after being posted on this page.

I reserve the right to update or change our Privacy Policy at any time and you should check this Privacy Policy periodically. Your continued use of the Service after I post any modifications to the Privacy Policy on this page will constitute your acknowledgment of the modifications and your consent to abide and be bound by the modified Privacy Policy.

If I make any material changes to this Privacy Policy, no notification will be made as I have no Personal Information to identify you.
